Re: In the Matter of High-Cost Universal Service Support, WC Docket No. 05-337; In the Matter of Federal-State Joint Board on Universal Service, CC Docket No. 96-45

Dear Ms. Dortch:

We are writing this letter to the Commission to endorse the recommendation of the Joint Board on Universal Service to place an interim, emergency cap on the amount of high-cost universal service support that competitive eligible telecommunications carriers (ETCs) may receive. High-cost loop support to rural incumbent ETCs is already capped. We agree with the Joint Board that an interim cap on competitive ETC support is appropriate until long term reform measures are implemented to ensure the long term sustainability of the universal service fund.

We appreciate the leadership of Commissioner Tate and the other members of the Joint Board and Staff as they consider the difficult questions associated with the distribution mechanism for universal service support.

We believe that this first step is the best way to begin a process to preserve universal service for the benefit of consumers in Arizona. Without this critical action and leadership on the part of the Joint Board the benefits that universal service provides to our rural customers would be in serious jeopardy.

Sincerely,
